

DORMITORY SERVICES

Atatürk Student Dormitories, which are situated on Alaeddin Keykubat Campus at Selcuk University, belong to the University Foundation and consist of 5 blocks including 4 dormitories for female students and 1 dormitory for male students. Single, double and larger rooms are available in these dormitories, which have a capacity of 2 thousand 160 students in total. There is a study table, chairs, wardrobes, a telephone line in each room except for bathroom and toilet in single and double rooms, and a lounge, a press room and a kitchen on each floor. In addition to automatic pay washing machines and internet rooms, students are given accommodation services in a comfortable and easy environment, in modern study rooms and a highly economic cafeteria having 1,680 square meters indoor area. Also, a dormitory with a capacity of 350 persons and built by Selcuk University will be completed and opened to service.

A total of 6,672 students including 4,464 girls and 2,208 boys benefit from the services in the dormitories which belong to the Credit and Dormitories Institution located in the city center and on Alaeddin Keykubat Campus at Selcuk University.

ERASMUS HOUSE

Selcuk University takes firm steps towards being an international university. In this framework, with various exchange and cooperation programs including ERASMUS, Erasmus House was built to meet the accommodation needs of foreign students coming to our university in a modern environment. There is no other example in Turkey except for the idea and the practice related with Erasmus House opened to service in 2010. A usable area of 1,000 square meters and a viewing terrace of 200 square meters are available in the 4-floor building. A total of 48 rooms are available in the building, and 96 students have the accommodation opportunity in such a way that two persons can stay in each room.
