

## **SELCUK UNIVERSITY LIFE UNIT WITHOUT BARRIERS**

Selcuk University Life Unit Without Barriers was established on the request of Higher Education Council in 2009 with a view to removing limitations related to academic success and education for students with special needs by providing them with a supporting environment equipped with good sources and helping them to develop self-awareness and individual independence and joining society as productive citizens. Within the framework of its mission and vision, Selcuk University Life Unit Without Barriers strives to provide necessary opportunities for disabled students and staff and increase sensitivity for disability in our university for the purpose of equal right of access and support, fulfills all educational needs in the framework of modern and tactful understanding for our students with special needs in cooperation with lecturers in many academic divisions and departments.
