

STUDENT SOCIETIES

In order to support students' social and cultural development, increase their research capabilities as individuals, make proper use of their time outside class hours, and contribute to their social and cultural developments, student societies have been formed at Selcuk University in accordance with students' demands. Within the body of Directorate of Health, Culture and Sports, active 68 student societies organize conferences and seminars by inviting experts in their fields to the University all year round, lead the way for organizations in all types of social, cultural and sports aspects.
