

## SOCIAL FACILITIES AND FOOD SERVICES

Selcuk University takes great care to provide cheap, healthy and quality foods for its students, and nearly 10,000 students can eat 4 types of food for 2 turkish lira. Considering the student's needs for energy and nutritional elements, food menus are prepared under a dietician's control. The employees offering food services are subjected to a physical examination once in six months.

The lecturers and the guests coming to the university are provided services in the Campus University House, the Apa Dam Recreation Facilities and the University Guesthouse and Social Facilities at Selcuk University. Also, the Alaeddin Keykubat Campus Football Pitch and the Olympic Indoor Swimming Pool meet social needs of Konya as well as the university
